

# HEXPOL Q3 2022 Presentation

Georg Brunstam CEO Peter Rosén CFO

October 21, 2022

# Q3 2022 Presentation

## **Presented by**

Georg Brunstam CEO

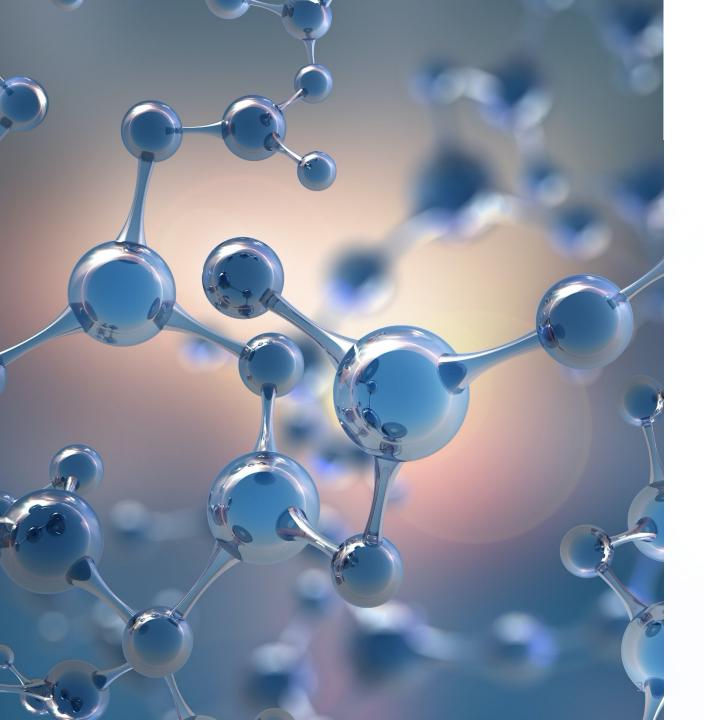

Peter Rosén CFO

## **Agenda**

- Business Performance
- Theme Strong execution of our business model including Sustainability
- Financial Overview
- Focus going forward
- Q&A

# **Business Performance**

## **Continued Sales Growth and Further Strengthened Result**

#### · Record Sales and Result

- Strong sales in all regions and product segments, especially so in the Americas
- Continued execution of our strong business model where price increases on raw material are passed on
- Record EBIT at 838 MSEK (677) Q2 2022 836 MSEK

#### Continued turbulent and difficult environment

- Global automotive sales still varied but some improvement seen towards end of quarter, especially in the Americas
- · High uncertainty seen end of quarter in Europe, primarily with Building & Construction
- Continued substantial global supply issues, price increases on raw material and escalating energy prices

#### M&A continues

• almaak, a specialist in advanced recycled engineered compounds, consolidated from April Q2 – fully in line with our M&A strategy and supports our sustainability agenda

#### Going forward

- Current global challenges with high inflation and interest rates, supply chain issues and raw material issues will continue for some time
- Our strong customer focus and geographical proximity to customers strengthen our market positions
- · We are flexible and ready to meet the forecasted increase in light vehicle production

## **Continued Sales Growth and Further Strengthened Result**

#### **HEXPOL Compounding**

- Strong sales in all regions and product areas, especially strong in the Americas
- Automotive shows varied development but some improvement towards end of the quarter
- High uncertainty seen end of quarter in Europe, primarily with Building & Construction
- Strong EBIT, especially considering the challenges stemming from high inflation and interest rates, global supply chain and labor issues and raw material shortage and prices
- New President HEXPOL Compounding Americas following the retirement of Ken Bloom. Gary Moore, currently CCO for the Americas and with long background with HEXPOL will take over

#### **HEXPOL Engineered Products**

- Sales well above last year, especially HEXPOL Wheels performing well
- Strong EBIT, especially considering raw material price increases

## **Continued focus on sustainability**

- Focus to reach CO2 target reduction with 75% by 2025 good progress
- New compounds with bio based and recycled material
- Partner in Polestar Zero Project to produce a car fully climate neutral

#### M&A

- High focus and increased activity level
- almaak acquisition consolidated in Q2

Partner in Polestar Zero Project

# **Strong Culture Delivering**

Purpose The positive impact of what we do

Vision Our long-term objective

> Mission What we do daily

Core values
Our fundamental beliefs that
dictate our behavior

Rationale & evidence Proof of what we say is true We create a material difference

The preferred solutions provider for sustainable polymer applications

We engineer high-quality polymer solutions which improve customer applications, everyday, everywhere

We	are
comn	nitted

We know our markets, customers and their end products. This ensures that you can grow with us globally in any segment regardless application.

## We are close to you

Our global footprint with agile development focused units will ensure that you always have the best local support for your needs.

## We make you sustainable

We take sustainability seriously and challenge our businesses to be best in class when it comes to corporate citizenship and to minimize the climate impact.

## We are entrepreneurial

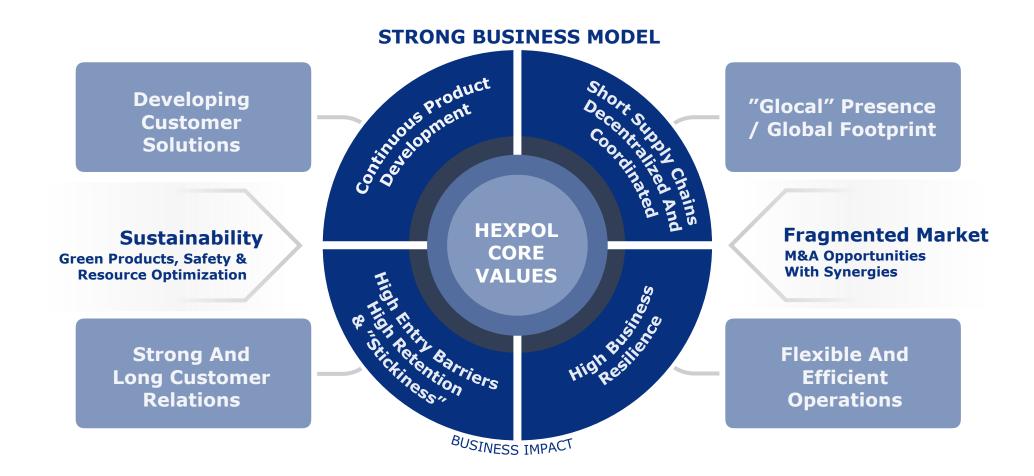

A decentralized structure with local experts and close customer contact give you the benefit of speed and creativity combined with the efficiency in a larger structure.

## We are true specialists

HEXPOL values technical skills and deep applications knowledge over everything else. This enables us to exceed your expectations and make your products better.

# **Strong Execution of Our Business Model**

# **HEXPOL High-Level Objectives**

Further reduce the carbon footprint of our energy use

75% reduction of CO2 emissions by 2025

Further develop our portfolio of "green products"

Increase the use of biobased and recycled raw materials

# **Further Development of Our Green Portfolio**

## Polestar Zero Project

"The Polestar o project is Polestar's moon-shot goal of creating the first truly climate-neutral car by 2030 without offsetting. The project will work to identify and eliminate all greenhouse gas emissions from the extraction of raw materials to when the car is delivered to the customer, as well as the end-of-life handling. "

#### almaak international GmbH

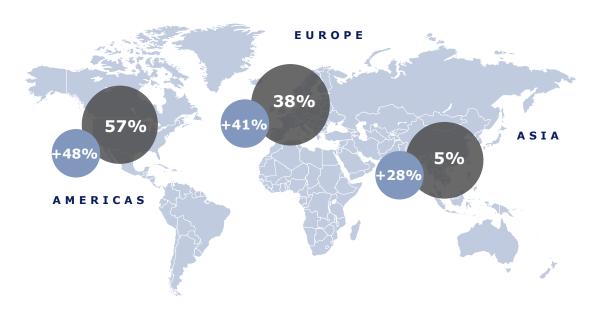

- Specialist in advanced recycled engineered compounds
- Inhouse recycling capacity
- Some 80% recycled raw materials
- High demand from automotive customers
- High growth

# **Q3 Sales Development**

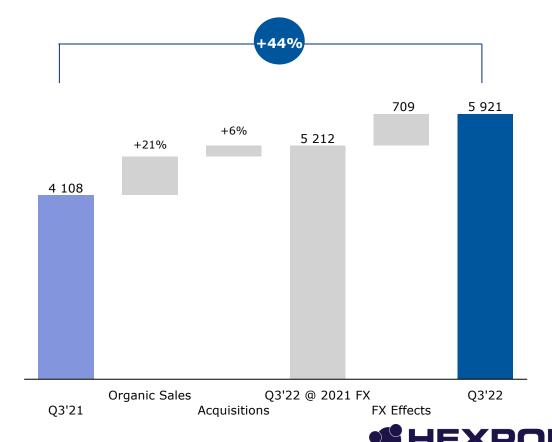

## **Strong sales growth**

## **Regional Development**

## **Sales development**

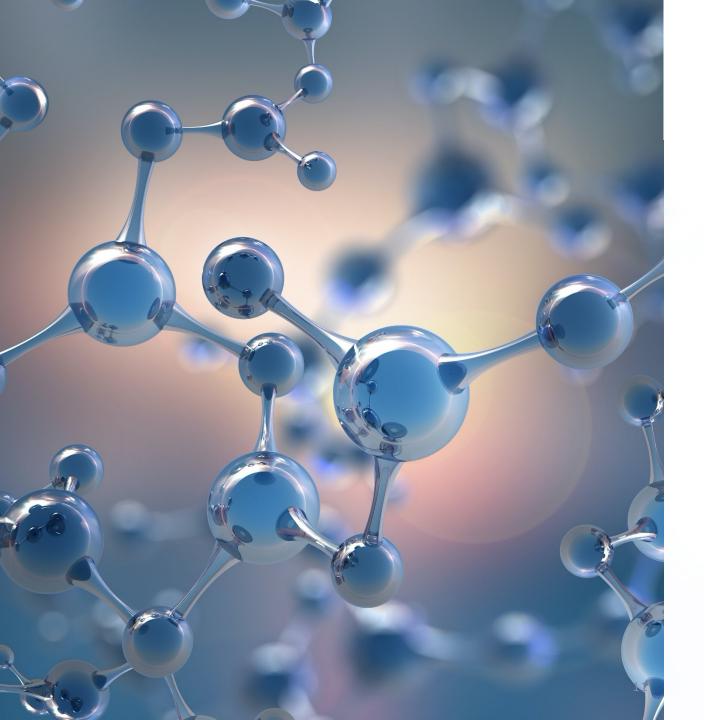

**MSEK** 

**A Material Difference** 

# **Financial Overview**

# **Q3 Financial Overview**

## Record high result despite significant challenges

Key figures			YTD	YTD
MSEK	Q3'22	Q3'21	Q3'22	Q3'21
Sales	5 921	4 108	16 748	11 920
Adjusted EBITA	865	695	2 521	2 161
Adjusted EBITA Margin, %	14,6	16,9	15,1	18,1
Adjusted Operating Profit	838	677	2 449	2 109
Adjusted Operating Margin, %	14,2	16,5	14,6	17,7
Operating Profit	838	1 105	2 449	2 537
Profit after tax	615	841	1 859	1 912
Adjusted Earnings per share, SEK	1,79	1,51	5,40	4,62
Earnings per share after dilution, SEK	1,79	2,44	5,40	5,55
Equity/assets ratio, %			58	60
Return on capital employed, % R12			18,6	24,2
Operating cash flow	702	412	1 447	1 435

- High sales of 5 921 MSEK, an increase of 44% compared to Q3'21
- Operating Profit of 838 MSEK, an increase of 24% compared to Adjusted Operating Profit in Q3'21
- Operating Margin of 14,2%, negatively impacted by acquisitions and raw material shortages and prices
- Strong Equity/Asset ratio of 58%
- High return on capital employed at 18,6%

# **Q3 Financial Highlights**

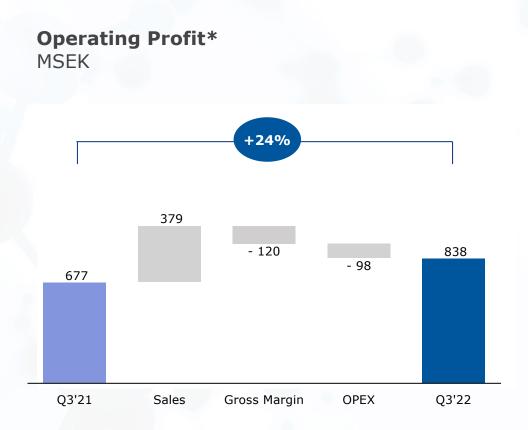

<sup>\*</sup> Excluding one time items in Q3'21

# **Q3 Operating Profit**

## Higher sales partly offset by lower margin of acquisitions and raw material challenges

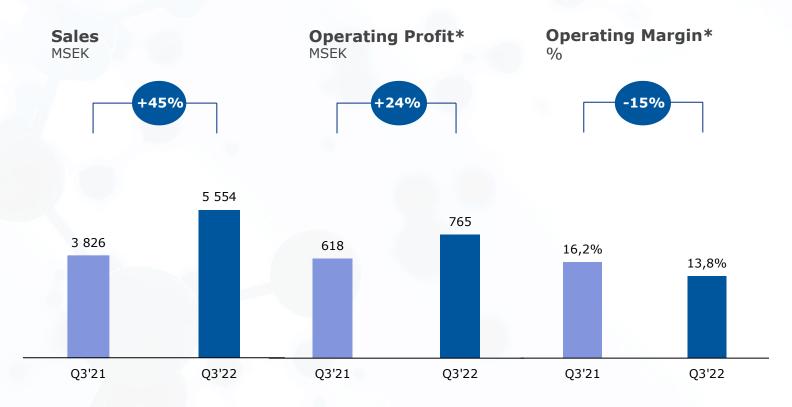

- Strong sales
- As previously communicated, negative impact on gross margin from acquisitions
- Further negative impact on gross margin from continuously higher raw material and energy prices
- OPEX up primarily driven by acquisitions, inflation and negative FX effects

<sup>\*</sup> Excluding one time items in Q3'21

# **Q3 HEXPOL Compounding**

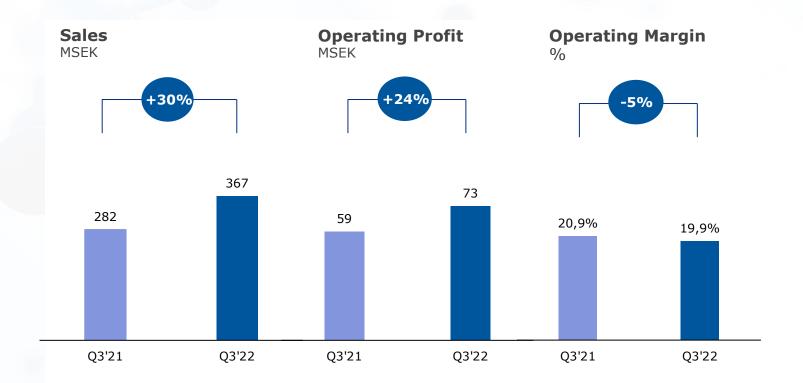

- Strong sales increase vs LY primarily driven by organic growth of 21% and acquisitions 7% but also positive FX effects
- The higher sales were driven by improvements in most customer segments and all product areas
- Operating Profit well above LY
- Lower Operating Margin due to acquisitions with lower margin and raw material challenges

<sup>\*</sup> Excluding one time items in Q3'21

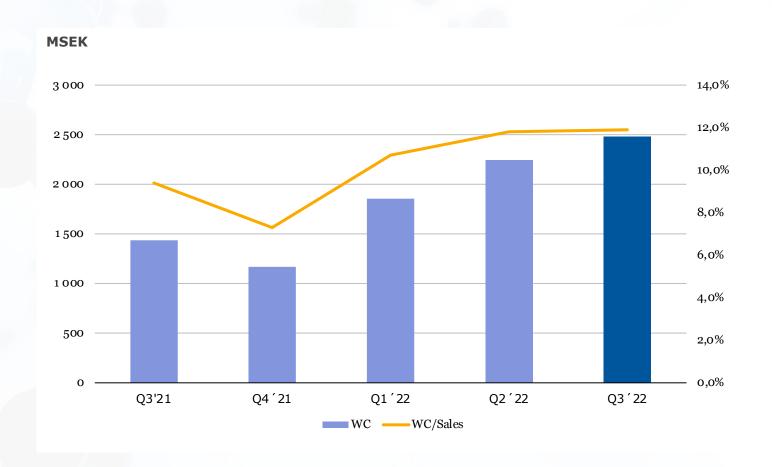

# **Q3 HEXPOL Engineered Products**

- Sales well above last year
- Overall strong performance but especially HEXPOL Wheels performed very well
- Sri Lankan economy under severe pressure but our export oriented operations continue to run
- Operating Profit well above LY
- Somewhat lower Operating Margin affected by higher raw material prices

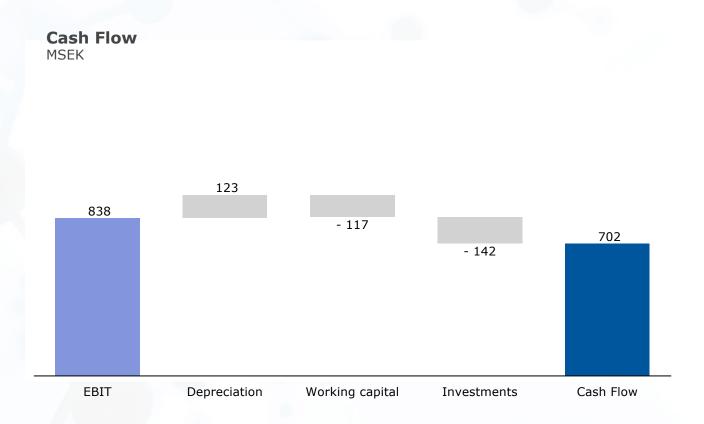

# **Q3 Working Capital**

- Increased working capital mainly driven by decision to increase inventory level in the face of global raw material shortages
- In addition, the acquisition of almaak adds some 250 MSEK in working capital

# Q3 Cash Flow

- Solid cash flow in the quarter, negatively impacted by higher working capital levels and temporarily higher investment level
- The higher investment level is mainly driven by investments related to newly aquired almaak and the acquisition of a production building

# **Q3 Net Debt**

## **Strong financial position**

MSEK	30-sep 2022	31-dec 2021
Cash at hand	1 677	1 320
Used credit facilities	-4 447	-2 219
Net debt	-2 770	-899
Net debt/EBITDA*	0,80	0,25

<sup>\*</sup> EBITDA is R12 months

- Strong cash position
- Net Debt/EBITDA ratio temporarily higher affected by dividend pay out (including extra dividend) and the acquisition of almaak

## **Continued Sales Growth and Further Strengthened Result**

#### Record Sales and Result

- Strong sales in all regions and product segments, especially so in the Americas
- Continued execution of our strong business model where price increases on raw material are passed on
- Record EBIT at 838 MSEK (677) Q2 2022 836 MSEK

#### Continued turbulent and difficult environment

- Global automotive sales still varied but some improvement seen towards end of quarter, especially in the Americas
- High uncertainty seen end of quarter in Europe, primarily with Building & Construction
- Continued substantial global supply issues, price increases on raw material and escalating energy prices

#### M&A continues

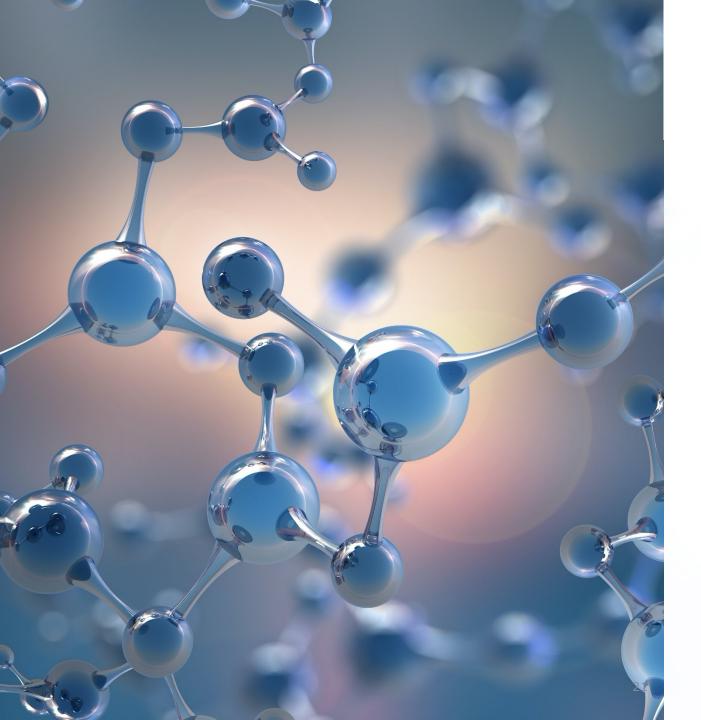

• almaak, a specialist in advanced recycled engineered compounds, consolidated from April Q2 – fully in line with our M&A strategy and supports our sustainability agenda

#### Going forward

- Current global challenges with high inflation and interest rates, supply chain issues and raw material issues will continue for some time
- Our strong customer focus and geographical proximity to customers strengthen our market positions
- · We are flexible and ready to meet the forecasted increase in light vehicle production

# Focus Going Forward

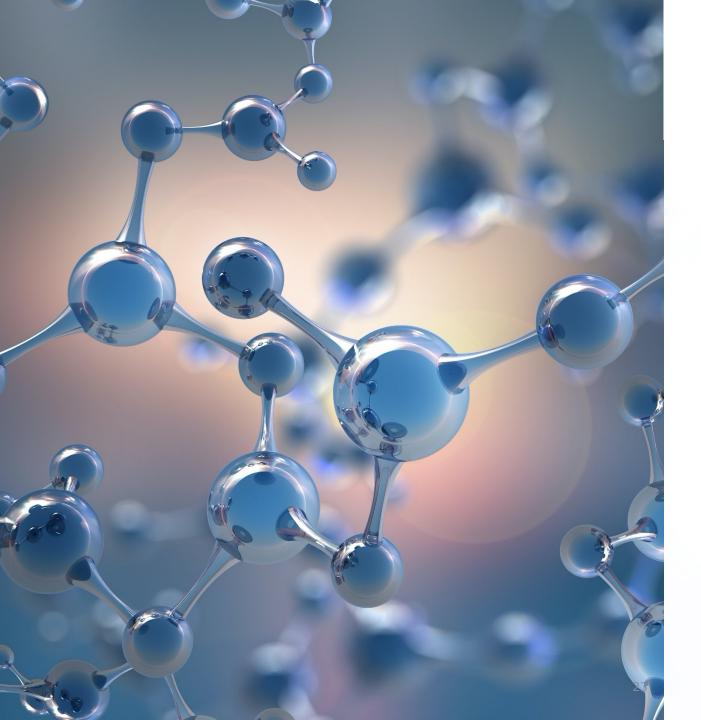

# **Focus Going Forward**

- Handle health and safety of our employees
- Manage volatility in demand
- Manage the current challenges in global supply chains and raw material prices
- Strong execution of our business model
- Continue to execute our updated strategy including:
  - Active M&A
  - Further development of our sustainability work
- We are flexible and ready to meet the forecasted increase in light vehicle production
